

Angelina Jolie Romantic Love Report

Your Sun, Mercury and Jupiter mirror your way of being, speaking and creating chances for yourself

 in  Sun in Gemini

Romance - how you act

You are flirtatious, likeable and intelligent. Always ready and easily open to possibilities, you seem to understand and be interested in everything and everyone. Such intense mental activity brings its problems. You can seem superficial, unreliable, even deceptive. Your mind can work too hard, become exhausted, indecisive and neurotic. Try not to struggle with decisions. Be patient with your uncertainty. Time will clear the contradictions. Believe in your wisdom to decide. This will put all those little thoughts in their place. Then people will turn to you, not only for pleasant conversation but for guidance.

 in  Mercury in Gemini

What you think and say about love

Your natural way is to be talkative and interested in every diverse idea and possibility that comes your way. The activity of your mind never ceases. At your best you are fascinated by ambiguity and constantly keen to chatter away about everything. When under pressure you become confused, even neurotic. Little things can drive you to desperation. Choose wisely what you think, talk and read about. Be the master of what you know, not the slave, or victim of other peoples' ideas. You are a messenger. This is the way to ensure your message is heard.

 in  Jupiter in Aries

How you create opportunities for romance

You create opportunities by plunging expansively into new situations. You constantly need to be bursting into fresh adventures and projects. You are fun to be with, always willing to "have a go" at anything exciting. Be aware you may be creating more expectation than you can accomplish. To experience more than the exhilaration of making a start is not so easy. Be realistic. Know what you want and persist.

How you act, wonder and behave is revealed by your Venus, Mars and Neptune

 in  Venus in Cancer

When you are in love

Love is a precious and vulnerable experience. Your first response is to defend yourself against anyone, who tries to be close. Those who have the devotion and kindness to survive your test of love will be rewarded beyond their wildest dreams. To be embraced in the comfort of your arms is to feel bathed in the waters of life itself. There is nothing you will not do, no pain you will not accept for those you love. You seek to give them all they want to make of them their greatest selves - to possess them as precious jewels. With such devotion fateful relationships are likely in your life. Your intuition draws you to deep faithfulness. Being let down will threaten all you believe in. Be sure before you open out to love. Accept it and then move beyond fear. Know the thrilling re-assurance of transforming anxiety into the joyous comfort of being totally in your lover's arms.

 in  Mars in Aries

Romantic approach

Your style is to fall in love with forthright enthusiasm. This gives you the natural ability to move lovers into completely new situations. The rough and impatient way, in which you operate, can grate upon more gentle souls, even frighten

them. It is easier to seek adventurous and active lovers, but good for you to relate to more sensitive, watery people. Remember the potent power in potential action. Your natural innocence and courage is what attracts lovers to you. It brings out your essentially noble character, who would not wish to be with you when the "chips are down"? Look for lovers, who know they have somewhere to go. Your courage and willingness is just what they need to get them there. You need their endurance.

 in  Neptune in Sagittarius

What fascinates you about love most of all

You are of the generation that seeks wonder and meaning in faraway places and ideas. You need the freedom to explore widely, both inside and outside yourself, to know and be with everyone and everything. You can move other people on to exciting new opportunities and values. Beware of trying everything, but missing the need for a plan. Life offers you so much. Develop the wisdom to go all the way.

Romantic Forecast for the Month

Venus, 'the planet of love', is what this section of the report is all about. The 'transits' of Venus, as it moves through the Solar System, shows how you change, grow and develop when it comes to your relationships in general and your love life in particular. In 'Romantic Love Report' we interpret the transits that Venus will make to the other planetary bodies; Mercury, Mars, Jupiter, Saturn, Uranus, Neptune and Pluto and vice versa as well as the Sun and Moon.

Your 'Romantic Love Report' should only be used as a helpful guide for the periods indicated. At all times it is for you to make use of your most positive characteristics and the periods indicated. Sometimes when a planet 'transits' a planet, it first appears to move forwards and then backwards for a period of time re-creating the same 'transit' several times. This apparent backwards motion is known as 'retrograde' motion denote by the ♁ symbol.

Bad Buys - Indiscretion - Feelings At Odds With Words

Feelings and values are presently in conflict with how things are seen or communicated. This can give rise to misunderstandings, especially between loved ones. You should be careful not to let a molehill be turned into a mountain, because really this influence should only amount to a 'life and life only' type of irritation that has no real lasting effect.

However, if there is something bigger brewing beneath the surface, then this could bring it out in the open. But it is an ill wind that blows nobody any good, so with a bit of self control and a few well chosen, preferably loving, words, a gain rather than a loss could be on the cards. Apart from these more serious areas, be on your guard against impulse buys or retorts you later come to regret.

Starting Friday 5 March – with major focus on 6 March – ends 6 March

Attractive Presentation - Working To Please - Social Investments

This is an excellent time to be seen in your best light. Making presentations, performing, making a play for someone or something, even going down on bended knee - these are all highlighted under this influence. Generally, others are glad to have you around, and the feeling will probably be mutual.

Starting Friday 5 March – with major focus on 6 March – ends 6 March

Pleasure Plus - Love Life Enhanced - Spending Sprees - Generosity

Pleasure and harmony are the hallmarks of this time, but so too is indulgence, so watch your pocket and appetite! Be that as it may, Venus says that, at times, you just must enjoy yourself and not count the cost. The value of having a good time is priceless, and this influence has that very potential. Your love life can also receive a boost now, be it the start of something big, a rekindled romance, or simply an enjoyable evening or two with one (or ones) that are important to you.

Starting Friday 11 March – with major focus on 12 March – ends 13 March

Transiting ♀ ♂ your natal ♀

Deep or Obsessive Love - Powerful Attraction - Sexual Pleasure

You find you feel deeply for someone or something, or that you want to, or that you cannot get someone or something out of your system. In any event, you are experiencing the depth and power of love or attraction - and what you do with it is down to your deepest values. Such a feeling can actually turn up as someone who you feel strongly drawn to. It may or may not be mutual, it all depends upon that deeper state of your emotional being - is it attracting or repelling.

There is a 'Beauty and the Beast' quality to this influence, in that you could experience one or both of these extremes, with someone else on the other end, so to speak. The gulf between what is regarded as appealing and presentable as against what usually has to hide its face, feel anti-social, is a possibility now.

The trick is to go deep but not too deep, to appreciate face values, but not regard them as the entire picture. Be on your guard against being manipulated - value yourself above all else - or of manipulating someone yourself, because you would only entrench yourself or get more than you bargained for. Possessiveness and jealousy can rear their heads now, which has something to do with being more in touch with what does, and does not, constitute genuine love.

Starting Friday 15 March – with major focus on 16 March – ends 16 March

Love and Romance - Attracting and/or Attracted

You are very much in the mood for sexual and/or romantic experience, or simply to feel socially alive. Depending upon your temperament and availability, such an experience, or at least the opportunity for it, could arise right now, or, it would be a good time to plan for such an occasion, or, failing all of these, it could be a time of frustration if these matters have been put on the backburner.

Then again from out of the blue could come an experience that kind of pleasurable highlights the current state of affairs in your love/sex/social life - even precipitating you into an affair or relationship. All in all though, this has the potential for an enjoyable and exciting time. Attractive, artistic or simply likeable people appear on the scene to sweeten your life - or you could be the one being this for someone else.

Starting Friday 15 March – with major focus on 16 March – ends 16 March

Love Dreams - Pleasing Fantasies - Artistic Inspiration

Any feelings or ideas regarding love, sex, music or art - or social life generally - are now nicely attuned to your ideals and visions of a better life. None of this is particularly dynamic, but this gentle, almost 'hippie' type, influence can be very enjoyable. This is a good time to put aside for any pursuit or pastime that comes into these categories.

Starting Friday 16 March – with major focus on 16 March – ends 16 March

Transiting ♀ △ your natal ♀

Loving Words - Artistic Expression - The Art of Diplomacy

You know what pleases now - be it for yourself or someone else. At the same time, you know what doesn't please! All this gives you a good sense of what appeals or sells, so this is an excellent time for putting together anything that you want to go down well. Art, public relations, discussion, performing, charm and amusement - these are some of the things the positive expression, or experience, of which are at your fingertips right now. If you wish to make known what's on your mind in an appreciable or agreeable way - do it now.

Starting Friday 17 March – with major focus on 18 March – ends 19 March

Being In Tune - Social Harmony - Making The Peace

Things are promising socially right now, and if there is a love interest, then you can be fairly sure that, if things are going to go your way at all, they will do so now. Making amends, launching any social event, being artistically creative or entertained - these are all liable to go with a swing at this time.

Starting Friday 17 March – with major focus on 18 March – ends 18 March

Transiting ♀ ✖ your natal ☉

Pleasant Living - Creative Awareness - Happy Day - Love Life

You should be on good terms with the world around now, and particularly with those who are close to you. If there have been any emotional disturbances of late, then this offers an opportunity to patch up and make up. Also, if you want to go and find a certain consumer item, then you are more likely to find just what you want right now. Artistic expression and appreciation is also well-starred - so get thee to a studio, instrument, keyboard or gallery, etc.

Starting Friday 17 March – with major focus on 18 March – ends 18 March

Transiting ♀ ♂ your natal ☾

Emotional Harmony - Accord with/between Females - Attractiveness

This is a classic time for peace and harmony. This is of course relative to whatever else is going on in your life astrologically, because this influence is quite gentle and not that dynamic. However, if you meet it halfway with the conscious intent to give and receive pleasure, then it can actually be a very lovely time. It particularly highlights any occasion that involves the female sex coming together. In fact, female power is in the ascendant now!

Starting Friday 20 March – with major focus on 21 March – ends 21 March

Transiting ♀ ♂ your natal ♃

Love And Goodwill - Fun And Generosity - Joie De Vivre - Lady Luck

Depending on your usual propensity for good fortune or giving/having a good time, this influence will provide you with a strong sense and/or experience of what is enjoyable about life. Taking in anything that enlivens or entertains is very propitious now - whether you are in an active or passive role. You have a lust for life at present - but watch your pocket or appetite, unless you are quite prepared to say it was worth the price, no matter what.

Any activity that requires you to put out a good or generous vibe is best booked for now. You are luckier than at other times - but bear in mind that gambling can have an agenda all of its own so paradoxically, do not bet on it! It is better by far to see and experience this influence as a gift from the gods - but on the gods' terms. This means to say that there is something good in the air, but do not presume on it being 'good' in precisely the way you think you want it to mean. It is really an opportunity to find out what 'good' actually means.

Starting Friday 20 March – with major focus on 21 March – ends 21 March

Transiting ♀ ☐ your natal ♃

Love And Duty - Serious Attachments - The Importance Of Commitment

You experience the serious or very real side of love and social involvement now. This is not a time for having fun and letting your hair down, so do not plan for this or get frustrated trying to make it so. More than likely your partner, or people in general, will come across as sober and responsible now - or in need of such qualities. If you are not with anyone, you can feel more alone than usual, or if you are prepared to take a serious rather than cynical look, you can get the measure of why you are unattached.

If this is truly not an issue under this influence, then you can probably congratulate yourself on being genuinely self-sufficient. By and large though, this period is inclined to show up the warts and weaknesses in your love and social life, including the pressure to do something about it. In any event, this means being emotionally mature and responsible and doing what has to be done, even though it is difficult. In time, such commitment will prove to be well worth it. On a financial level, you may well have to read the writing on the wall here instead, or as well, getting real about money being the call of the day.

Starting Friday 20 March – with major focus on 21 March – ends 21 March

All The World Loves A Lover - Attracting Status - Good Turn

This is a good time - other planetary influences willing - to ask for a raise or bank loan because you emanate, or can sense, the way to success. Your emotional state, reflected by the kind of relationship you are currently involved in, makes itself felt in the world around you, depending upon what that state is. Positive news, or at least an approving view, adorns your professional position now.

Starting Friday 24 March – with major focus on 25 March – ends 25 March

Transiting ♀ ✖ your natal ♀

Loving Thoughts - Sweet Words - Artistic Perception

The poet, writer, artist or diplomat is now strong in you, so with any situation that requires a way with words, you're the one for the job! People or things that please and interest you are now likely to appear on the scene, so gatherings and shopping trips are propitious - notwithstanding, as usual, any contrary planetary influences possibly active at this time.

Starting Friday 27 March – with major focus on 7 April – ends 10 April

Transiting   your natal 

Freeing Your Will - Awakening Creativity - Renewing Vitality

Under this influence you can, if you wish to, transform your lifestyle. This is because prevailing circumstances offer you the chances and facilities to develop, or redevelop, yourself. The kinds of people and situations with which you are now involved allow you to make the most of your original and creative attributes.

Also the studying or usage of anything that is concerned with advancing knowledge and broadcasting information - technology, astrology, metaphysics and media - is now opportune. Essentially, this is a time for making all things NEW! And it is an especially good time for beginning any regimen that will make you feel a new person - particularly with regard to your health. The more eager you are to make creative changes now, the more opportunities will arise to help you do just that.

SIGNIFICANCE: This is a medium strength influence that allows you to make progress with relative ease and support. It rewards past efforts.

POSSIBLE ENCOUNTERS: Stimulating Friendships - Alternatives - Expert Assistance

THEME: Opportunities to become more keenly aware of your Sun Profile, thereby enabling you to make positive changes in your life.

Spending Too Much - Spending Too Little - Indulgence or Pleasure?

This is not really a problem except that you are inclined to overdo it - or conversely, not push the boat out enough. It all depends on what place you give to love and pleasure in your life. If you are naturally generous, affectionate or fun loving, then this time will probably be enjoyable for you - although you might have a hangover or blown budget to contend with afterwards!

If you usually have a hard time giving of yourself and being socially satisfied, this influence is trying to show you why, and how you could remedy such a dilemma. The secret is generosity - on any or all levels - to be aware that another's happiness is ultimately your own too. Without tuning into Venus in a positive way, you can simply feel more anti-social, unattractive, or worthless.

Starting Friday 29 March – with major focus on 30 March – ends 31 March

Transiting   your natal 

The Electricity Of Love - Unusual Attractions - Possible Alienation

Whatever is out of the ordinary regarding sexual, social, creative or romantic involvements can appear out of the blue now. By the very nature of this influence it is hard to say what will happen. For the same reason, it is best not to put too much store by whatever does, because it will most probably be a flash-in-the-pan kind of occurrence. Experimental, shocking or odd - whatever happens now can be anything from extremely exciting to somehow detached - or both even.

This influence can trigger the start of an exciting relationship, but it does not predict which way it will go, because the

only assurances as far as Uranus is concerned are that you can expect the unexpected, be ready to be woken up to something new. Significant coincidences can happen now, trying to tell you something about how love and life tick. Sudden attractions and/or breaks in relationships can also occur.

Starting Friday 30 March – with major focus on 31 March – ends 31 March

Appearance Versus Circumstances - Love the One You're With

Venus' trickier ways can dog you now if you are not aware of them. For instance, this means that someone can catch your eye and come to compromise you later. Or, your partner can appear to have not as much going for them as you think you'd like. The situation could be reversed, in both cases. In other words, do not be fooled by looks or style now; stick to the main plot.

Starting Friday 31 March – with major focus on 31 March – ends 31 March

Transiting ♀ ☐ your natal ♀

Not Saying or Seeing It Right - The Need for Diplomacy

This is a time when logical thought is at odds with the emotional, or aesthetic, side of life. Not seeing eye-to-eye with a member of the opposite sex is highly likely, because one of you wants to make sense of things, while the other wants to feel right about something. One of you might want to talk, while the other wants to experience affection or sensual pleasure. None of this poses a big problem - unless you let it - because this is just a passing phase, a time when you are out of 'sync' with whoever is close to you.

It's also a time when work issues can get in the way of personal ones, or vice versa, so avoid mixing business with pleasure. If you already *have* been doing so, then this could prove an awkward time for you. Sorting out love problems is quite likely, and desirable too. But be wary of the above described inclination to speak in different 'languages' to one another. Try to meet each other half way - it's the only way at present.
