Brad's love-making style

How Brad is viewed by others - the first impression he creates.

Playful

Sex, like a sport, is to be enjoyed for its own sake. Joy for Brad comes from playing the game with an energetic spirit and is how his sexual pleasure is derived. His carefree nature may lead him to overlook his partner's needs, which he should attend to. He may become a loyal friend or companion and hardly ever bear a grudge if things do not work out between you.

The way Brad 'performs' when he makes love

His immediate reactions; his emotional and passionate nature.

Seeks reassurance

Brad can be a serious and shy lover who is very uncomfortable in those lovemaking situations where spontaneous sex and exuberant reactions seem called for. He needs, therefore, to be reassured by his lover, because although he can be a little slow at first, he will go all the way with plenty of love and encouragement.

Brad's thoughts and self expression when making love

His communication skills; how he thinks and receives information from a lover.

Distinctive

Brad likes secure surroundings and to know exactly where he is going with his sexual exploits. Once he knows the exact extent of what he is 'in for', he can perform with distinction. With the right coaxing from his partner he is potentially a great and thoughtful lover, if a little reticent at first.

What Brad values and needs most

How he expresses his emotions within personal relationships.

Relentless

Brad takes sex seriously. He wants a lover with experience, who is able to turn him on. He is not satisfied unless he gets what he wants and when making love he will relentlessly pursue his desires to the end. Brad will not indulge in experimentation in sex unless the rules of play are well within defined limits.

The driving force of Brad's sexuality

His sex drive, stamina and the way he asserts herself and expresses his desires.

Determination

Brad is careful and very determined in the way he expresses his needs for making love. When he has had enough experience he can be a great lover. Sexual education for him is important so as to expand the variety of his sexual techniques. He should obtain some early experience before the mould of his sexuality is cast as he is likely to erect certain boundaries early on that he could be stuck with forever.
