Lovers Guide

Venus, 'the planet of love', is what this two part report is all about.

Part one - Love Expression

The position of Venus in your birth chart is interpreted here. Venus, the planet of romance, is a pivotal influence in defining how you fall in love, stay in love and what you look for in a lover and 'soul mate'. It not only represents love and affection, but also harmony, cooperation and the way you feel about and react towards other people. It reveals the kind of lover you are and how you express yourself when you are in love.

Each connection is given a Star Rating from one to five to show its relative importance in the way you express yourself. To the right of each pair of symbols is a group of five stars ★☆☆☆☆; the more dark stars there are the more important the connection. The keys for the planets and the other symbols and terms used are given at the back of the report.

Part two - Year Developments

The 'transits' of Venus, as it moves through the Solar System, shows how you change, grow and develop when it comes to your relationships in general and your love life in particular.

In your 'Lovers Guide' we interpret only the transits that Venus will make to the other planetary bodies; Mercury, Mars, Jupiter, Saturn, Uranus, Neptune and Pluto as well as the Sun and Moon.

Lovers Guide should only be used as a helpful guide for the periods indicated. At all times it is for you to make use of your most positive characteristics and the periods indicated.

If you are not sure of your exact time of birth then the sections relating to your Ascendant and Houses should be ignored.

Sometimes when a planet 'transits' a planet, it first appears to move forwards and then backwards for a period of time re-creating the same 'transit' several times. This apparent backwards motion is known as 'retrograde' motion.

The Sun

Your essential self, the centre of your being. It indicates what you are striving to become as an individual.

Attractive

You are physically very attractive. Usually this is a blessing, but at times it causes you problems, when you would rather not be noticed, but this seems to be impossible. This may cause you to feel uncomfortable and angry and insecure, and you will find it difficult to articulate your feelings because you are shy and soft-spoken by nature. Be aware that this will be a continuing problem. Learn to use it to your best advantage whenever possible and try to develop strategies so that you can maintain your privacy and peace of mind.

The Moon

Represents the emotional and compassionate side of your nature and your immediate emotional reaction to life pleasures and problems. It also indicates attitudes instilled in early childhood.

Emotional confidence

You're optimistic and positive about your relationships, able to see the best in everybody.

People are attracted by your calmness and openness and you can often help others with problems. You like honesty and sincerity in others, and strive to maintain these qualities in yourself. You always do your best in whatever you do, believing that if a job is worth doing, it is worth doing well. You have a talent for bringing out the best in others.

Venus

Represents how you express your emotions within love, marriage and other personal relationships. It also indicates your attitude towards money, possessions and your aesthetic values.

♀ in ♈

Capacity for love

You need to feel a sense of pride in yourself and in those closest to you. The worst thing anyone can do to you is to hurt that pride, and you'll probably find it very difficult to forgive anyone who does. However, in close relationships there's a desire to be the one in control. Take care that this doesn't turn into a tendency to dominate.

11th house

Where you look to the future your hopes and wishes. Your friends, how you act in group situations and the kinds of groups to which you are attracted.

♀ in 11th House

Love and what you value most

You enjoy being surrounded by friends and loved ones. This placing gives you a sense of ease and charm in social gatherings. Many of your friendships and relationships will be formed as the result of being part of a group or association through which you can share your mutual interests. For you, a meaningful relation-ship must be based on mutual respect and genuine friendship, in which the two of you help each other to grow and become more than you already are.

♄

Saturn

Represents your sense of responsibility and limitations. It shows how you react to setbacks and the areas in which you are most fearful and insecure. Nevertheless, it is also the planet that teaches the important lessons of life and can become your greatest strength.

♀ △ ♄ ★★★★★☆

Self expression

Your approach to relationships may be somewhat conservative. You don't like to reveal yourself openly to others until you've had plenty of time to get to know them and evaluate their character. Likewise, you'll not make the first approach unless you're reasonably certain that you won't be rejected. That's because although you may put on a convincing front to the contrary, any form of rejection hurts deeply.

♆

Neptune

Represents your spiritual self, dreams, imagination and creative abilities.

Unrealistic expectations

You can be overly idealistic in your approach to relationships. There may also be times when you'll expect your partner to accept you with all your faults, without a word of complaint on their part or any effort to change on yours.

Very few people, except perhaps a saint, can measure up to the high expectations you set for a relationship. When things start to fall apart, you'll probably not even notice that anything's wrong until the whole thing dissolves away before your eyes.

There may also be times when you may find yourself led into actions that you later regret. This is particularly true in financial matters, so you must make sure that all your dealings are open and above board. Although some people seem to be able to get away with murder, anything shady or underhand will almost inevitably work out badly for you.

Part two - Future developments

The 'transits' of Venus, as it moves through the Solar System, shows how you change, grow and develop when it comes to your relationships in general and your love life in particular.

In your 'Lovers Guide' we interpret only the transits that Venus will make to the other planetary bodies; Mercury, Mars, Jupiter, Saturn, Uranus, Neptune and Pluto as well as the Sun and Moon.
